

# Team Coach Training

*Apply 1-to-1 coaching to teams*

Coach specific training hours: 18.5

## Who this program is for:

This program is suitable for any coach who has had at least 2 clients, team leaders and executives who are coaching either formally or informally within their organisation.

## About this program:

The program takes the brain-based coaching models learned during the Workplace Coach Certification or Intensive Coach Training Program, and applies them to the context of teams.

The curriculum covers what makes successful teams thrive, the stages teams go through as they develop, and how to translate 1:1 coaching to a team using the CO-CREATE model.

The program contains both theoretical and practical work, as well as a focus on experiencing first hand what it is like to be coached and to coach within a team environment. It is very rich in tools that students can start to use immediately.

## Objectives

1. Participants have an understanding of key issues and challenges faced by individuals within teams.
2. Participants understand the dominant theories of teams and can better anticipate the dynamics of a team environment.
3. Participants have new distinctions, structures, resources and tools for working with or coaching teams of people.
4. Participants learn how to design team coaching engagements.

## Format

Two day live training workshop plus three group tele-conferencing classes. Sessions may include theory, discussion, tools, role-plays, group work, case studies and readings.

## What you get
