

Coach specific training hours: 12

Who this program is for:

The program is designed for those who may or may not have significant business or workplace coaching experience and want to strengthen their coaching in these areas.

About this program:

Work Skills is hands-on training – highly practical and experiential, working with real coachee experiences.

Participants will need to have their coachee materials available during each session so that they can access ‘live’ strategies, actions and case studies. This makes the training tangible, increases the chances of the coach putting into practice what they are learning.

The program focuses on building coaching strength in working with goal areas that are typical to workplace, business and executive coaching: creative, career, finance and business.

Objectives:

1. Participants have an understanding of creative goals and have strengthened their ability to coach in this area
2. Participants have an understanding of career goals and have strengthened their ability to coach in this area
3. Participants have an understanding of finance goals and have strengthened their ability to coach in this area
4. Participants have an understanding of business goals and have strengthened their ability to coach in this area

Format:

8 x 90 minute teleconference classes

Sessions may include theory, discussion, tools, role-plays, group work, case studies and readings.

What you get:

- Greater coaching experience and expertise in related goal areas
- Additional tools and resources for coaching in related goal areas
- Network of other like-minded people
- 12 hours of coach specific training

Participant feedback:
